Social Distancing Solutions

PREPARE. PROTECT. PREVENT.

We make it happen.

Contents

Introduction

We are constantly adapting and innovating by providing solutions for everyday challenges. Ranging from modular and reconfigurable framework to customisable and bespoke solutions.

Using the versatility of the T3 modular system, our solutions support a range of environments currently implementing a change in operation.

Whether temporary or permanent, our social distancing range is designed to give peace of mind by reducing risk and creating safer spaces.

All products within the range are available in standard sizes, with a wealth of customisable options to meet individual requirements. Our experienced team can also create completely bespoke designs to deliver on even the most complex brief.

A complete turnkey solution for your social distancing requirements.

SITE SURVEY & INSTALLATION SERVICE

NO TOOLS REQUIRED

GOT AN IDEA? SEND US A SCRIBBLE! RECEIVE QUOTE AND VISUAL WITHIN 24-HOURS.

T3 IS THE WORLD'S MOST VERSATILE MODULAR SYSTEM.

BEAUTIFULLY SIMPLE YET THE DESIGN POSSIBILITIES ARE ENDLESS. SIMPLY TWIST AND LOCK AND START CREATING.

Key Features

- Unique reconfigurable design
- Quick & easy build
- No tools required
- Premium finish using high quality materials
- Modular to adapt over time
- Multiple sizes available
- Range of customisable options
- Wipes clean with alcohol-based products
- Made using lightweight aluminium
- Manufactured in the UK

T3 DECO

SIX T3 DECO COLOURS

As well as our standard supply of silver anodised, aluminium T3 framework, we also offer a range of coloured T3 Deco beams.

Please get in touch to discuss.

ACRYLIC ONLY PRODUCTS.

A great choice in any environment, particularly in spaces with counters, desks and reception areas. Our range of acrylic only products use up to 6mm acrylic and can be customised to complement the chosen environment.

Options include polishing, radiused edges, cut-outs, and more. If you cannot see an acrylic only product that meets your needs, get in touch as we are able to design and fabricate bespoke units.

For more information about acrylic only products, refer to p46, Materials and Product Information.

CUSTOM & BESPOKE PRODUCTS.

For permanent or bespoke designed solutions, we provide a fully managed turnkey service. This includes site survey, custom design, bespoke fabrication, and an installation service.

Please get in touch to discuss your requirements.

A RANGE OF STYLISH YET PRACTICAL DESK DIVIDER SOLUTIONS, WITH PLENTY OF FLEXIBILITY TO CREATE WHAT YOU NEED.

Desk Dividers

Protect individuals by creating separation dividers between desks and workstations. Designed to keep distance and reduce risk, our range of desk dividers are fully customisable to create a unique solution for your environment.

Install these desk dividers in a matter of minutes and with no tools! Made from aluminium and teamed with acrylic, foamboard or ACM. Create a complete solution for your environment by combining with other social distancing products.

T3 DESKTOP

DESKTOP ACRYLIC

Desk Dividers - T3 Desktop

T3 Desktop Dividers require no tools to build, consisting only of beams and connectors joining with a twist and lock. Available in a range of sizes, shapes and finishes, we can offer a fully bespoke solution to any chosen environment.

Use T3 Desk Dividers individually or combine multiple to create unique configurations.

- Quick and easy build
- No tools required - just twist and lock
- Aluminium beams with acrylic infill
- Custom sizes available
- Colour T3 Deco beams available
- Clear or frosted acrylic
- Brand with print or stickers
- Foamboard and fabric options available

GOOD TO KNOW

- Choose from U-shaped, L-shaped or straight and join to create E-shaped, H-shaped and double H-shaped
- T3 Desktop Dividers are provided in silver anodised aluminium as standard
- Dividers are raised off the desk to allow for cable management
- T3 Desktop Dividers are supplied without a top beam to a maximum width of 1200mm; for larger widths, a top beam is required
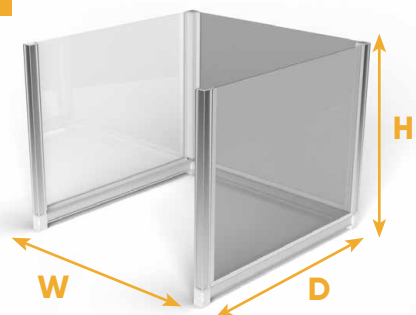

NOT ALL DESKS ARE EQUAL!

Make sure you measure the desk and supply the correct dimensions to ensure we can manufacture for best fit.

U-SHAPED

Code	Width (mm)	Depth (mm)	Height (mm)	Weight

Desk Dividers - T3 Floor Standing

Like our T3 Desktop Dividers, our T3 Floor Standing products are configured using beams and connectors that simply twist and lock into place.

The T3 Floor Standing Dividers are designed to mount onto the desk and fit into position to meet the floor. These are available in a range of shapes, sizes and finishes to meet individual requirements.

Decide to use T3 Floor Standing Dividers individually or join with other configurations to create a bespoke solution.

- Modular, premium finish product
- Sturdy mount onto desks
- Link together for specific desk layouts
- Silver anodised aluminium as standard
- Customisation options available: tinted or frosted acrylic infills, coloured framework, printed vinyl & stickers
- Foamboard options available
- Reconfigurable: add or remove components with ease

GOOD TO KNOW

- Fixed or freestanding options available
- Adjustable feet provided
- Exact desk height dimensions required
- Choose from U-shaped & join to create E-shaped, H-shaped and double H-shaped
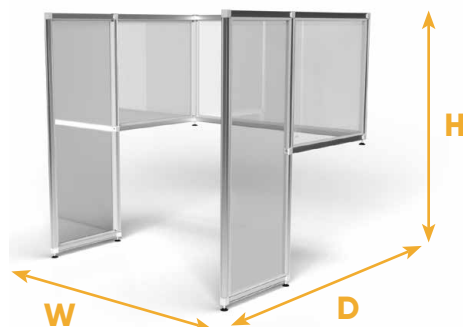

Height of floor standing dividers can be modified with the adjustable feet provided.

NOT SURE WHERE TO START? WE OFFER SITE SURVEYS, DESIGN, PROJECT MANAGEMENT, AND INSTALLATION SERVICES.

Desk Dividers - Acrylic Desktop

Our range of Acrylic Desktop Dividers come in either U-shape or L-shape as standard, using 6mm acrylic.

There are various customisation options available. Here are the most popular:

- Fast implementation
- Customised individually to each desk
- Mobile flexibility for when workplace layouts change
- Ideal solution for adjustable desks
- Wipeable for easy cleaning
- Zero build time - just drop into place and can be customised to fit around existing features
- Brand with simple stickers or printed vinyl
- Typically uses 6mm acrylic
- Options for different finishes and cut-outs

FOR BESPOKE OPTIONS, FINISHES AND SIZES, INCLUDING CUT-OUT SECTIONS, GET IN TOUCH.

Measuring a Desk

When measuring a desk, ensure you provide the following information accurately. Or request a site survey.

Desk Dividers sit between 25-50mm inside the overall desk size

Extras
Information on any items permanently fixed to the desk

Depth of desk
Provided in mm

Information about desk surface & top thickness
For semi-permanent or permanent fixings

Height of desk
Measured from the floor
Provided in mm

Width of desk
Provided in mm

Position of existing cables
Including cable management systems

Please provide photos of the desk & measurements taken

FLEXIBLE SOLUTIONS WITH A RANGE OF OPTIONS FOR CREATING WORKABLE DESK ENVIRONMENTS.

Desk Partitions

Use modular walling to separate desks and workstations. Designed as partitioning to protect and reduce risk between individuals. All desk partitions are fully customisable to meet exact requirements including sizing, materials and branding.

The modular benefit of T3 means your solution can adapt to a range of different applications over time. Perfect for workspace layout changes, temporary storage solutions, partitions and dividers, semi-private zones, and more.

Combine with other social distancing products to create a complete protected environment.

1.5M HIGH

GOOD TO KNOW – ACRYLIC COMBO

- Unique reconfigurable modular design
- 1.5m or 2m high panels
- Custom panel sizes available
- Designed to be used between desks
- Wipes clean with alcohol-based products
- Premium finish using high quality materials
- Manufactured in the UK
- Silver anodised aluminium frame
- Choose acrylic only or combine with foamboard or ACM
- Customise with coloured T3 Deco beams and graphics

USE WHERE INDIVIDUALS ARE IN CLOSE PROXIMITY INCLUDING CALL CENTRES, OFFICES, SCHOOLS, AND CO-WORKING SPACES.

Freestanding Walling

A range of complementary products designed to create zoning, walkways, partitions, and semi-private workspaces to provide safety barriers between individuals. Ideal for dividing open plan spaces, whilst still providing line of sight.

Brand and personalise your walling to design your space with a range of materials including acrylic, fabric, ACM, and foamboard. All of which can be customised to suit a range of purposes.

T3's modular capabilities make it easy to reposition as required!

GOOD TO KNOW

- Modular walling for maximum flexibility
- Panels join to create infinite walling configurations
- Flexible for a huge range of applications
- Walls are 1.5m or 2m high
- Quick and easy to build without the need for tools
- Can be flat packed when not in use
- Customisable options and custom panel sizes available

AVAILABLE IN ACRYLIC, FABRIC, ACM, AND FOAMBOARD.

FREESTANDING PANELS PROVIDE THE VERSATILITY AND FREEDOM TO BE CREATIVE WITH SPACE

3M FREESTANDING WALLING USING ACRYLIC AND FOAMBOARD COMBO, 1.5M WIDE EASY-TO-CLEAN PANELS, PAIRED WITH T3 DECO COLOURED BEAMS.
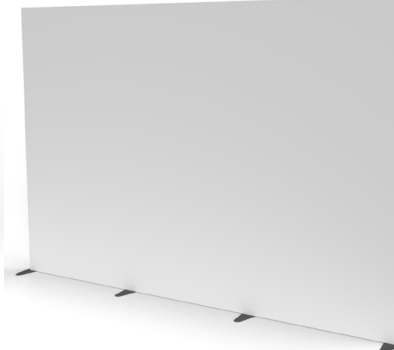

Single Skin Fabric Walls

1M WALL

Supplied with plain white fabric as standard or customise with printed graphics. Single skin walls have exposed beams to the reverse.

2M WALL

Walling is available in 1m, 2m, and 3m sections and can be joined together to create even longer walls. Custom sizes also available.

3M WALL

2M WALL ON WHEELS

Choose either double flat feet or wheels for complete mobile flexibility.

Double Flat Foot

Wheel Foot

SEND US A SCRIBBLE, AND WE WILL DESIGN YOUR WALLING TO SUIT YOU.

Acrylic Combo Walls

1M WALL

Full height acrylic panel with aluminium frame.

1M SPLIT PANEL WALL

Two section acrylic panels and aluminium frame.

2M WALL

Connect panels together however you'd like.

2M SPLIT PANEL WALL

Acrylic top panel and ACM or foamboard lower section.

1M L-SHAPE WALL

Join panels to create functional zoning.

GOOD TO KNOW

- Available in 1m and 1.5m wide
- Use portrait or landscape
- Acrylic panels come with beam feet, except for the 1.5m * wide panel which is supplied with double flat feet for extra stability
- Note, a 1.5m w x 2m h single sheet of acrylic will be more expensive to ship due to its size

Whether you choose fabric, acrylic or a combination of substrates, the range of freestanding walling is certain to deliver the look you desire.

Dimensions for acrylic full height panels.

1M WIDE X 2M HIGH SINGLE ACRYLIC PANELS WITH COLOURED BEAMS.

Hinged Walling

Divide open plan spaces with quick and easy-to-build modular hinged walling. Designed to cover large areas, safeguarding all occupants & reducing risk by implementing social distancing measures between desks and workstations.

Ideal for breaking up open plan spaces. Fast to build without the need for tools and can be flat packed when not in use.

GOOD TO KNOW

- Unique reconfigurable design to suit individual requirements
- Premium finish using high quality materials
- Manufactured in the UK
- Modular to adapt over time
- Designed to protect and reduce risk over large areas
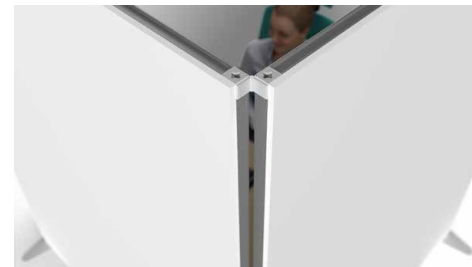

Hinged walling gives the flexibility to create zoned areas in a multitude of environments.

GREAT FOR OPEN PLAN SPACES INCLUDING OFFICES, SCHOOLS, CALL CENTRES, CO-WORKING SPACES, TO CREATE ZONING AND PARTITIONS BETWEEN INDIVIDUALS.

3M HINGED WALL

4.5M HINGED WALL

6M HINGED WALL

7.5M HINGED WALL

GOOD TO KNOW

- The hinged walling system comes with double flat feet
- Great for any open space that requires zoning or partitioning
- When requirements change, simply reposition as needed
- Standard hinged walling is provided with white fabric
- For a more permanent look, customise with branded fabric graphics
- Panels are 1.5m wide, and require hinges to connect the next panel

POSITION HINGED WALLING EXACTLY HOW YOU NEED IT.
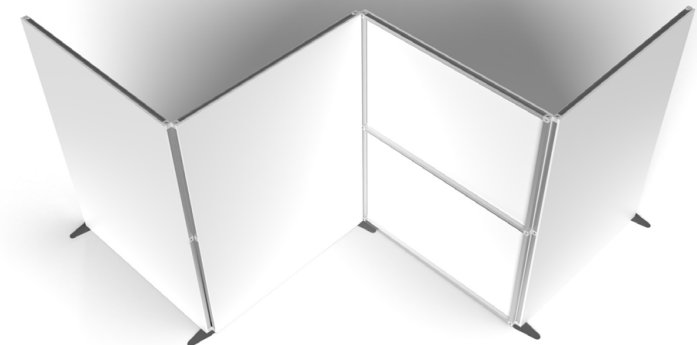

Code	Size (width)	Width * (mm)	Depth frame only (mm)	Height (mm)	Weight

HW-75	7.5m	7515	47	1889	46kg

* Width shown excludes hinges; allow hinges for each 1.5m panel

Retail Screens

Screening for retail environments to protect both staff and customers. Ideal for checkout and serving areas, to reduce risk without compromising human interaction and service.

Our easy-to-build, modular screening can be customised to meet your requirements. With options available for cut-outs, print for both stickers and directly to the acrylic surface, and coloured T3 Deco beams.

GOOD TO KNOW

- Fully customisable for seamless integration
- Easy to adjust & move around for different areas
- Polycarbonate options are available as an alternative to acrylic, with stronger resistance they are easier to clean & wipe down in environments dealing with food and drink
- No tools required
- Countertop screens can be fixed or freestanding
- Customised options available to meet individual requirements

Complete Solutions

Our range of complete solutions allow you to create a bespoke and personalised environment, whilst also recognising the need for social distancing.

Use modular walling to create bespoke customised environments. We will design personalised features to transform workplaces, office spaces, schools, co-working environments, retail, hospitality, and leisure spaces.

Don't be restricted to standard sizing or graphics, with T3, you've got the option to do it all! And over time, with T3's modularity, you can adapt and reconfigure to fit new environments and purposes.

Modular and quick to build, without tools, our solutions enable you to design your environment with the flexibility to change it in the future.

Using either standard silver anodised aluminium or coloured T3 Deco beams, choose from a range of materials including acrylic, ACM, foamboard, and fabric to complement and personalise your design.

Consider how you can create more functional environments for long term solutions. With T3's flexibility, your designs will grow with your requirements. When you're finished with using one design, switch it up to create something for an alternative purpose.

COMPLETE CUSTOMISATION FOR TOTAL FLEXIBILITY. WE OFFER A FULL TURNKEY SOLUTION INCLUDING SITE SURVEY, DESIGN, PROJECT MANAGEMENT, AND INSTALLATION SERVICE.

SEND US A SCRIBBLE, AND WE WILL DESIGN YOUR SOLUTION TO SUIT YOUR NEEDS.

CREATING DESIGN-LED ENVIRONMENTS

- High quality, premium finishes
- Clad with a range of materials
- Integrate functional features
- Personalise and customise to your environment
- Made using aluminium framework
- Easy to pack down when not in use
- Great for permanent, long-term solutions
- No tools required
- Easy to repurpose over time
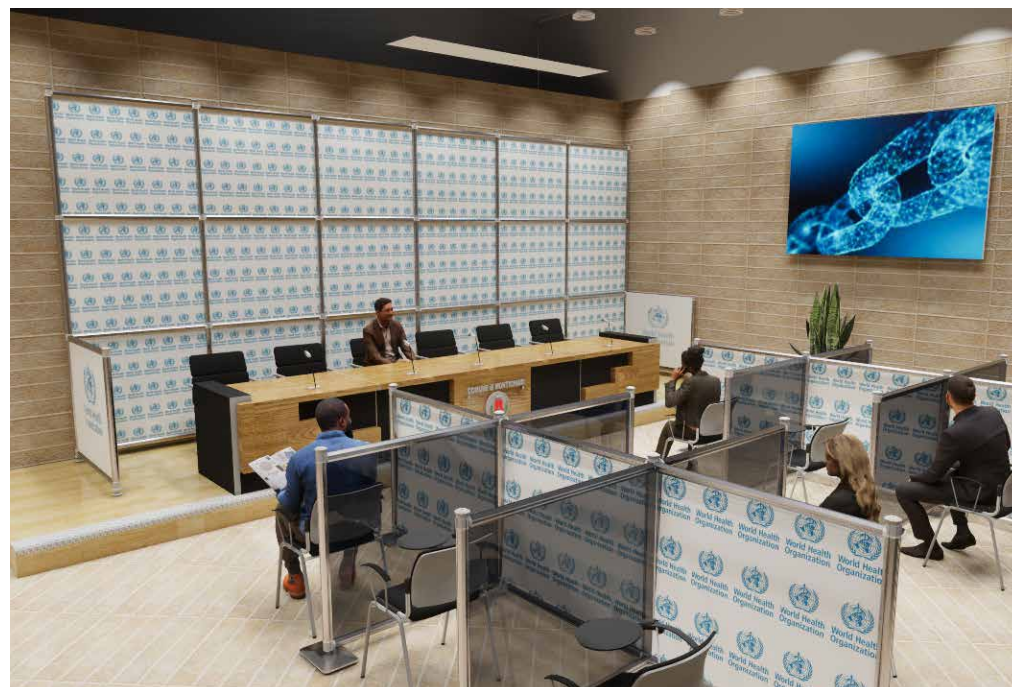

Internal Queuing Systems

Our queuing systems are designed to cope within high footfall areas to social distance between individuals. Great for retail and hospitality environments, and areas where queuing is inevitable.

T3's toolless system makes it quick and easy to build, and options are available to reconfigure to meet alternative space and size requirements. Customisable options are available for graphic branding and personalisation.

GOOD TO KNOW

- Ideal for shopping centres, supermarkets, lobby areas, and other temporary areas where queuing is required
- Easy to build and dismantle for storage overnight
- Modular and quick to build
- No tools required
- Reposition when needed
- Packs flat when not in use
- Branding options available
- Combine with floor stickers and sanitiser stations for a complete solution

BRANDED PANELS

BEAMS CAN BE USED HORIZONTALLY OR VERTICALLY TO SUIT INDIVIDUAL REQUIREMENTS AND UNIQUE CONFIGURATIONS. USE WITH ACRYLIC OR FOAMBOARD INFILLS.

MOBILE SANI-WALL

The Sanitiser Mobile Wall is a double-sided wheeled unit complete with 10 hand sanitiser dispensers. Great for busy environments to provide multiple sanitising points.

Its mobile design provides flexibility to offer hand sanitisation wherever the venue requires.

- Standard product is a double-sided mobile wall
- Comes with 10 automatic or manual dispensers; 5 per side
- Back to back printed ACM mounted to 50 x 50 aluminium box section frame
- Powder coated 1 colour
- Custom powder coating and artwork options
- Heavy duty outdoor locking castors

DON'T PASS IT ON

Please use hand sanitiser

Please use hand sanitiser

DOUBLE-SIDED WALL PROVIDES TEN SANITISER POINTS

Code	Product	Width (mm)	Depth (mm)	Height (mm)
MSW-10	10 unit mobile sanitiser event wall on wheels	3000	1000	1500
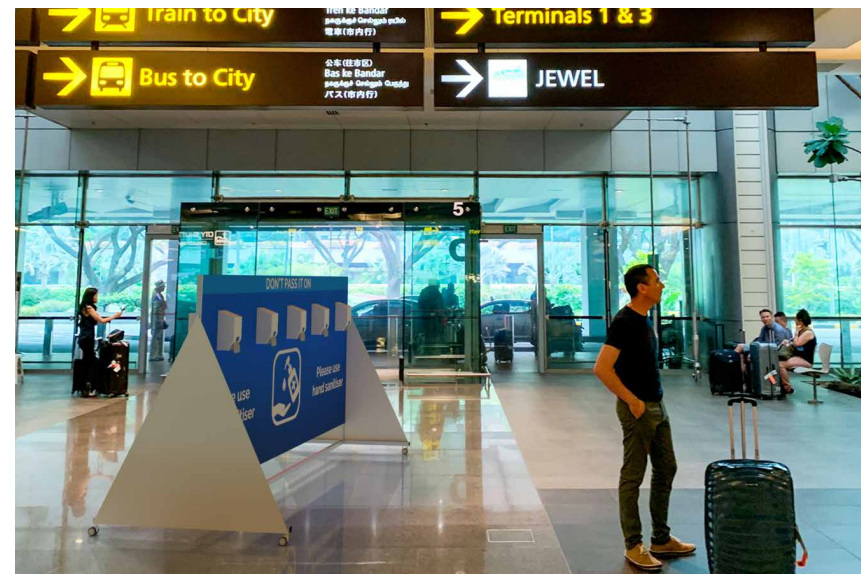

CONCERTINA SANI-WALL

The Concertina Sani-Wall makes efficient and flexible use of space. Suitable for high-traffic areas, and where queuing may be inevitable.

The wall is double-sided to provide double the sanitiser points.

- Panels consist of 6mm ACM
- Powder coated aluminium angle corners
- Rubber edging for soft/protective edges on ACM
- Configurable to a square – can go around posts
- Configurable to different lengths. e.g.3x panels, 5x panels, 11x panels
- Automatic or manual dispensers
- Can be fixed to the floor

STANDARD WALL IS FIVE PANELS WITH SIX DISPENSERS

USE IN A SQUARE SHAPE AS A COLUMN OR SIGNPOST WRAP

Code	Product	Width (mm)	Height (mm)
CSW-1	Concertina Sani-Wall Per Wall Section	800	1800

PERFECT FOR FLEXIBLE QUEUE MANAGEMENT AT STADIUMS, EVENT VENUES AND SHOPPING CENTRES

Materials and Product Information

Our social distancing products are available with a variety of materials and finishes. To identify the details and quality of each material, please see our guidance below.

Acrylic

For a high-quality finish, our acrylic has premium optical clarity. It is durable and a great choice for internal use. Its good chemical resistance allows it to be cleaned easily (see our separate guide for more information).

For branding and personalisation, customisation options are available upon request:

- Print branding or scene
- Frosted or clear acrylic options available
- Visible acrylic edges can be rounded & polished for a high-quality finish
- Cut-out sections and bespoke design elements are possible
- Easy to clean

Foamboard

Our cost-effective foamboard option is a strong, rigid plastic board, durable for everyday use. Its high-quality finish comes from it being able to take print to both sides with high vibrancy and good DPI. For cleaning, foamboard can be wiped clean with a damp cloth.

For branding and personalisation, customisation options are available upon request:

- Cut-out sections and bespoke design elements are possible
- Print branding or scene
- Antimicrobial lamination available
- Lightweight
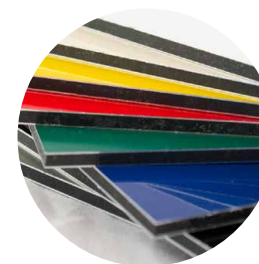

ACM (Aluminum Composite Material)

Our hard-wearing ACM offers a premium finish and is suitable for both internal and external use. Its durability is ideal for areas with high footfall traffic and has great chemical resistance for easy cleaning. ACM can be printed on both sides, offering high vibrancy and good DPI on print.

For branding and personalisation, customisation options are available upon request:

- Print branding or scene
- Antimicrobial lamination available
- Aluminium surface easily cleaned and gives great durability in all weathers
- Cut-out sections and bespoke design elements are possible

Fabric

Tension fabric is a highly durable substrate that retains colour extremely well when printed. It is great for printing to large panels, yet has lightweight construction. For standard orders, fabric will be printed white.

For branding and personalisation, customisation options are available upon request:

- Can be printed to large panels
- Easy to install, remove, and replace graphics
- Seamless, crease-free graphics
- Multiple applications
- Easy to transport

Site Surveys

If you're looking for a full environment fit out, bespoke solution or just need some assistance, we recommend getting in touch for a site survey. This will ensure that the products you choose will work perfectly in your chosen space.

Our team of experts will accurately measure the dimensions of your space, offer professional advice, and identify any complications before manufacturing the product to best-fit.

You may also want to consider using our installation service for speed and ease of implementation.

Delivery

We offer a rapid turnaround on some of our standard products. Delivery is typically 5-10 working days, subject to stock levels. However, depending on product, order volume, and location of install, delivery may take longer.

Please always check availability of products and current shipping dates. Your delivery date(s) will be confirmed at time of order.

Price List

The price list refers to the products and images within this catalogue.

Please contact us if you require a solution that is either not listed or a variation of what we have shown.

RRP is for the complete item excluding artwork production, delivery and VAT.

Where a product uses fabric, this is supplied as plain, white fabric. For products using acrylic, this is clear acrylic.

Frame Only prices do not include the infill material (acrylic, fabric, foamboard or ACM). Deco Addition prices refer to coloured framework and are in addition to the RRP shown.

Prices are correct at time of publication (June 2020). Prices are subject to change. Please check current RRP price before ordering.

FOR BULK ORDERS AND QUANTITY DISCOUNTS PLEASE GET IN TOUCH.

DEPENDENT ON INDIVIDUAL PROJECT CONFIGURATIONS, WE MAY CHOOSE TO INCLUDE A TOP BEAM FOR STRUCTURAL STABILITY.

T3 Desk Dividers, Pg 9

T3 Desk Dividers comprise silver anodised alumimium frames and 3mm acrylic. Acrylic is clear. For frosted or tinted acrylic, POA. Also available in fabric or foamboard. Specify material when ordering. T3 Desk Dividers have no top beam to maximum width of 1200mm. Larger widths require top beams. Beams available in one of 6 T3 Deco colours, subject to minimum order quantities (see p5).
